

IPWMAN

ILLINOIS PUBLIC WORKS MUTUAL AID NETWORK

Welcome to IPWMAN Duty Officer Training

October 15, 2019

Duty Officer Training

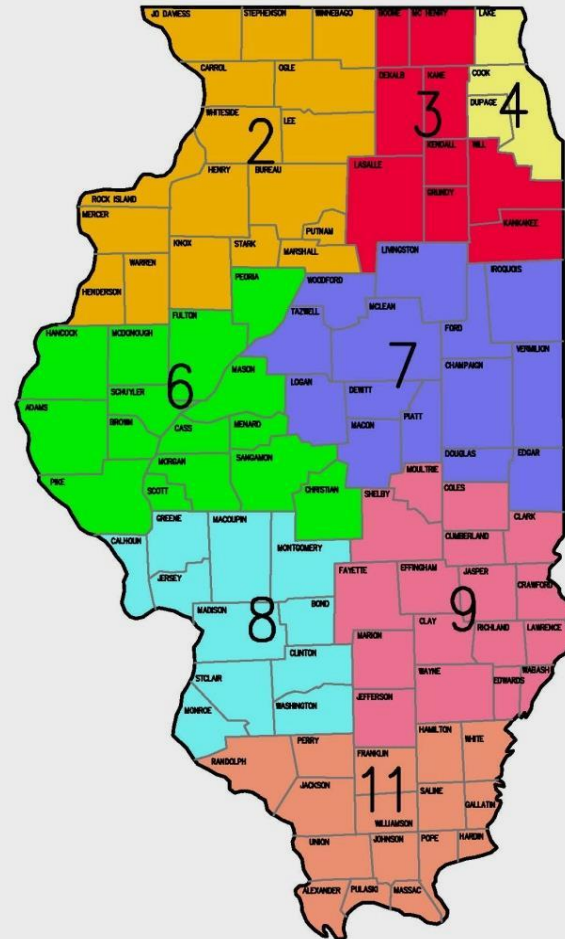

Objectives

- IPWMAN Regions
- IPWMAN Benefits
- Who is a Duty Officer?
- Who is SEECOM?
- When is the Duty Officer activated?
- How to respond as a Duty Officer?

Regions Identical to IEMA Regions

IPWMAN REGIONAL MAP

IPWMAN Members

The Benefits:

- Access to assets from all corners of Illinois
- First 5 days support provided at no cost
- Standardized operating procedures for disaster response
- Quick and direct access to assets
- One agreement, simplified reimbursement

Mutual Aid Agreement Highlights

- Authority is provided under Illinois law
- One standard agreement signed by each member agency.
- Self renewing after first year with payment of dues
- No obligation to respond
- 12 hour minimum response guarantee
- Can recall resources at any time after first 12 hours
- Reimbursement after 5 days

Who is SEECOM?

Tele communicator

**Southeast Emergency
Communications (SEECOM)**

100 West Municipal Complex
Crystal Lake, IL 60039

Duty Officer Training

Who is SEECOM?

SouthEast Emergency COMmunications (SEECOM**)**

- SEECOM is the 24 hour call center used by IPWMAN
- SEECOM contact is 1-855-IPWMAN1 (1-855-479-6261)
- IPWMAN member call SEECOM to request activation

Duty Officer Training

Who is the IPWMAN Duty Officer?

Duty Officer Training

Duty Officer activation:

- Your phone rings and it's SEECOM...now what?

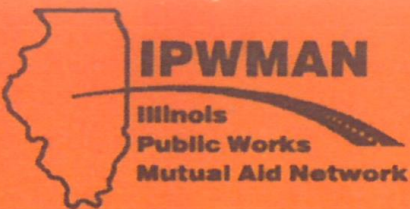

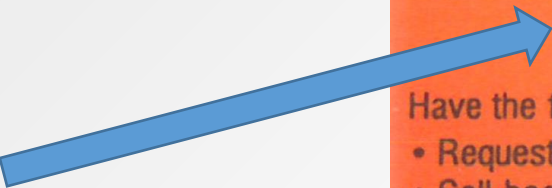

Duty Officer Training

Duty Officer activation:

STEP 1 – HELP NEEDED

- IPWMAN member needs assistance
- IPWMAN member will call SEECOM
- SEECOM will obtain **general** information
- SEECOM will then call IPWMAN Duty Officer

**Mutual Aid Requests
IPWMAN Call Center
1-855-IPWMAN1
(1-855-479-6261)**

Have the following ready when you call:

- Requesting agency's name and authorized agent
- Call-back number
- Nature of incident
- Location and zip code of incident
- Agencies already on the scene
- Type of assistance required
- Staging area location
- Areas/routes to avoid
- Number and specific type of equipment needed
- Number and type of personnel needed
- Estimated length of deployment
- Description of any possible safety hazards
- Location and availability of fuel
- Location and availability of food
- Location and availability of shelter

(See reverse side for additional resources)

Duty Officer Training

Duty Officer activation:

STEP 2 – RESPONDING

- Duty Officer will receive call from SEECOM
- Duty Officer to obtain contact information of requesting agency
 - ✓ Duty Officer review the **IPWMAN Activation Request Form**
 - ✓ Duty Officer review the **Response Team Task List (Critical)**
- Duty Officer shall then call the requesting agency
 - ✓ Duty Officer inquire the **immediate needs** from requesting agency

2019 IPWMAN Call Center Duty Officer Schedule September 2019 - December 2019

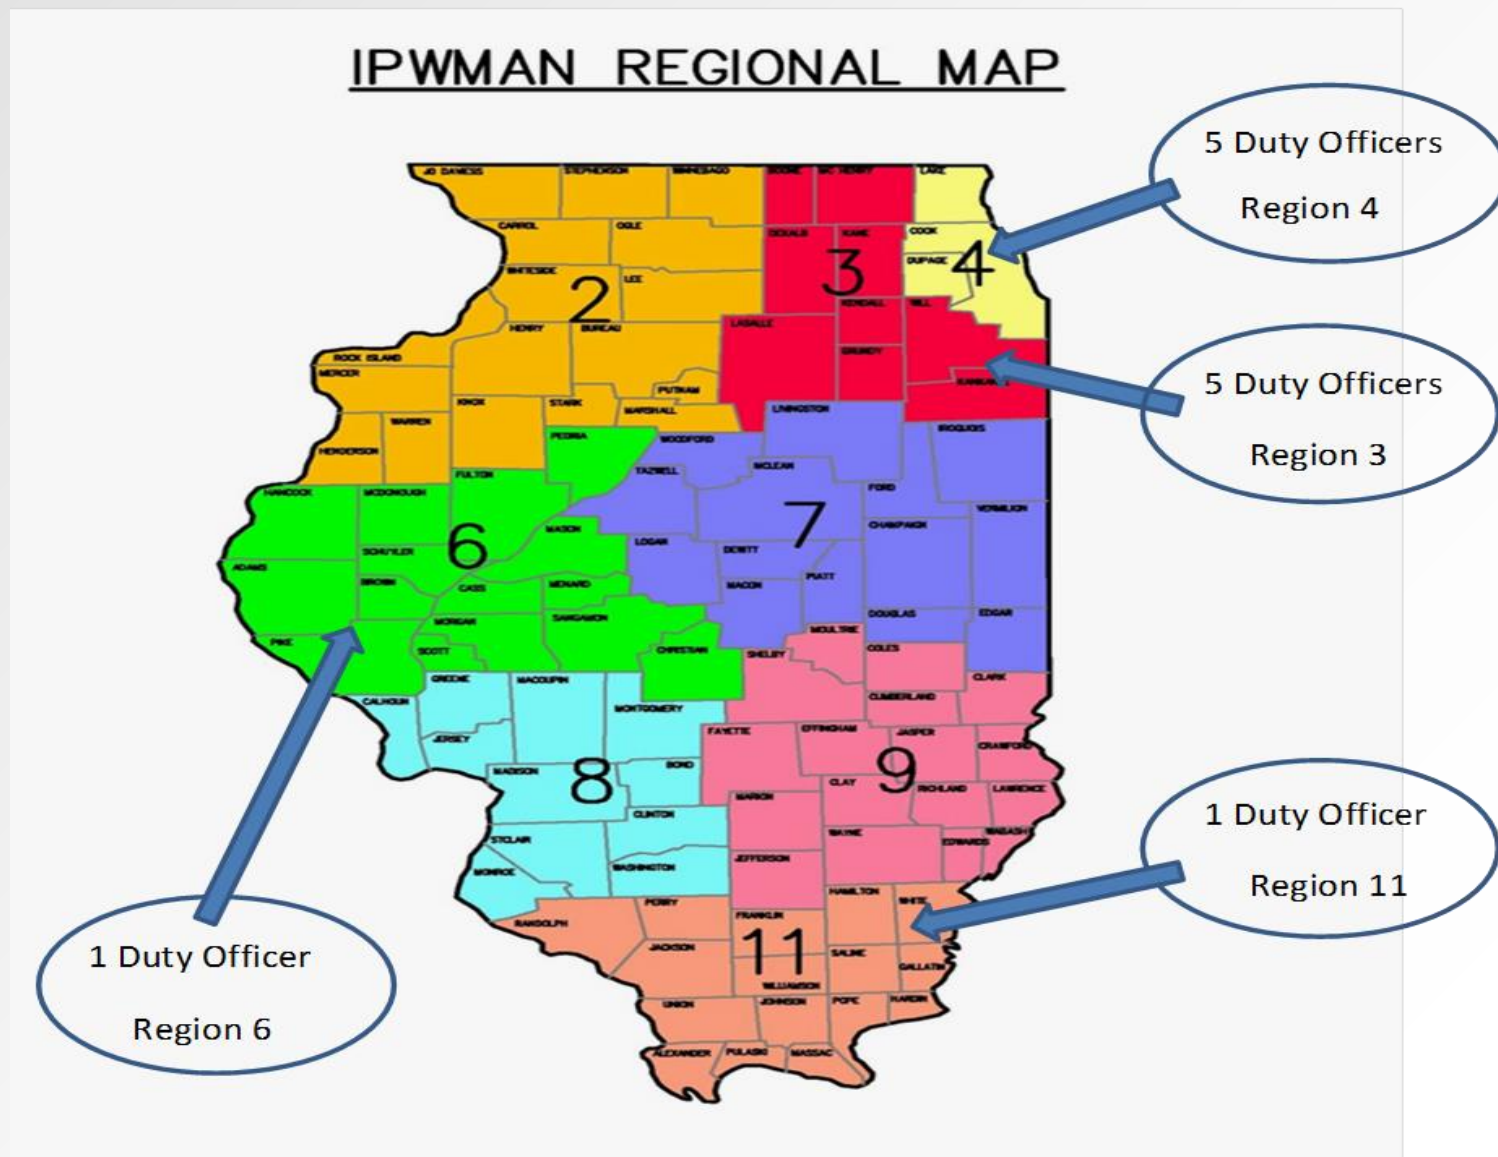

Month	Primary	Secondary
September	Elias Koutas Region 4 847-894-0084	Tim Nearingard Region 4 224-430-8147
October	Gary Holm Region 3 630-352-6191	Vince Kilcullen Region 3 847-456-5307

Response Team Task List (Critical)

Duty Officer activation:

STEP 2 – RESPONDING

IPWMAN Response Team – Tasks and Equipment Requirements

TASK – The use of manual labor for tasks such as: road closures, site security, sandbagging ops, or any manual tasks requiring limited hand tools

Team	Type	Personnel	Equipment Required (general)
A	Labor 1	2	Minimum 2-wheel drive full-size pickup

TASK – The same tasks as above but also including sign installation, brush/tree/limb cutting; or any manual tasks requiring the use of power and hand tools

Team	Type	Personnel	Equipment Required (general)
B	Labor 2	2	Minimum 2-wheel drive full-size pickup

TASK – The clearing of any obstructing debris from the pavement to allow for ingress/egress into a designated area

Team	Type	Personnel	Equipment Required (general)
C1	Pavement Clearing	2	6-7 cu. yd. dump truck with maximum side height of 7'6" and a rubber tire articulating loader equipped with a minimum 2.0 cu. yd. general purpose bucket (no teeth) or grapple bucket with a minimum dump clearance of 9'3"
C2	Pavement Clearing	2	Same as C1; however, rubber-tired articulating loader will either have to be driven or hauled to the staging area as the responding community does not have a trailer
C3	Pavement Clearing	2	3-4 cu. yd. dump truck and a rubber tire skid steer loader equipped with a general purpose bucket (no teeth) or grapple bucket
C4	Pavement Clearing	2	Grapple Truck (Log Loader) with a minimum capacity of 7,500 lbs

TASK – The cutting, loading, and removal of damaged or unsafe trees, limbs, etc., that require aerial equipment

Team	Type	Personnel	Equipment Required (general)
D	Tree Removal	2	Cab & chassis aerial lift truck with a minimum of 35' height and 350 degrees of pivot

TASK – The collection (by hand) and chipping of brush, trees, and other woody material

Team	Type	Personnel	Equipment Required (general)
E	Brush Chipping	2	6-7 cu. yd. dump truck and a tow-behind "auto-feed" brush chipper capable of chipping 12" limbs

TASK – The set-up and continual operation of portable pumping equipment for flood mitigation within public R.O.W. or facilities

Team	Type	Personnel	Equipment Required (general)
F	Portable Pumping Ops	2	Minimum 2-wheel drive pickup capable of transporting (2) two-inch portable trash pumps, 20 ft. of suction hose, and 100 ft. of discharge hose along with fuel to operate

TASK – The use of mechanical vacuum equipment for flood mitigation within public R.O.W. or facilities

Team	Type	Personnel	Equipment Required (general)
G	Vac-all Ops	2	Cab & chassis catch basin vacuum jet truck with a minimum holding capacity of 12 cu. yd. and sufficient suction to reach a minimum of 10 ft. depth

Duty Officer Training

Response Team Task List (Critical)

Duty Officer activation:
STEP 2 – RESPONDING

IPWMAN Response Team – Tasks and Equipment Requirements			
TASK – The hauling or transport of medium (by weight or volume) materials or supplies			
Team	Type	Personnel	Equipment Required (general)
H	Transport Medium	1	6-7 c. yd. dump truck with a maximum side height of 7'6"
I	Transport Heavy	1	Semi-tractor with 14 cu. yd. dump with a maximum side height of 8'0"
J1	Transport Equipment Medium	1	A flat-bed trailer with a minimum capacity of 10 tons
J2	Transport Equipment Heavy	1	A low-boy trailer with a minimum capacity of 20 tons
TASK – The use of excavation equipment for trenching or similar operations			
Team	Type	Personnel	Equipment Required (general)
K1	Excavation	2	6-7 cu. yd. dump truck and a backhoe with loader with a minimum 15' digging depth and a 1.0 cu. yd. front loader bucket with a minimum dump clearance of 8'8"
K2	Excavation	2	Same as K1; however, backhoe with loader (#G11) will either have to be driven or hauled to the staging area as the responding community does not have a trailer
TASK – The minor repair of vehicles for continual use (tire repair)			
Team	Type	Personnel	Equipment Required (general)
L	Vehicle Maintenance	1	Vehicle service truck equipped with an air compressor to operate pneumatic tools and inflate tires, jump starting unit and tire repair kits for field repairs
TASK – The utilization of professional engineering services for a variety of found functions			
Team	Type	Personnel	Equipment Required (general)
M	Engineer / Tech Group	1	Car, pickup, van, any type of vehicle provided said vehicle is equipped with appropriate safety lights and/or strobes
TASK – The use of an adequately-equipped sign shop for sign fabrication			
Team	Type	Personnel	Equipment Required (general)
N	Sign Fabrication	NA	*This team fabricates signs and transports them to the incident area
TASK – The assignment of appropriately trained personnel to supervise various response teams and task forces			
Team	Type	Personnel	Equipment Required (general)
O	Task Force / Strike Team Leader	1	Car, pickup, van, any type of vehicle provided said vehicle is equipped with appropriate safety lights and/or strobes
TASK – The assignment of appropriately trained personnel to assist with stricken communities response and recovery operations			
Team	Type	Personnel	Equipment Required (general)
P	Administrative Support	1	Car, pickup, van, any type of vehicle provided said vehicle is equipped with appropriate safety lights and/or strobes

Order

Duty Officer Training

When is the Duty Officer activated?

STEP 5 – DOCUMENTATION (Getting Started on Website Data Entry)

Take copious notes when communication with responding agencies

- Click “Type of Assistance Requested”
 - ✓ Fill in the fields as time allows onto the IPWMAN website
- Click “Location Information”
 - ✓ Fill in the fields as time allows onto the IPWMAN website

Duty Officer Training

When is the Duty Officer activated?

STEP 5 – DOCUMENTATION (Getting Started on Website Data Entry)

Click “Contacts”

- ✓ Fill in the fields as time allows onto the IPWMAN website

Use drop down menu – typically the Duty Officer is the “Incident Primary Contact”

Duty Officer Training

When is the Duty Officer finished?

- Confirm with the requesting agency no additional resources are needed
- Request a summary of the response and financials, if available.
- Complete the incident data entry on the IPWMAN website
- Ask any veteran Duty Officer if you have any questions or improvements

Duty Officer Training

Duty Officer Guide

Follow this guide to login, create, and update Incident Reports for IPWMAN.

An IPWMAN representative will have already created your user account and provided you with a login via email.

If you have any questions, please give us a call at **844-IPWMAN-9**.

Table of Contents

How to Log In	2
What You Have Access To	3-4
Starting & Updating An Incident Report	5-10
Updating The Call Log	11
Updating The Mutual Aid Equipment Tracking Record	12-13
Updating The Mutual Aid Labor Tracking Record	14-15

Duty Officer Training

How To Log In

1. Go to **IPWMAN.org** and click the **Log In** link in the top-right corner of the site header.

2. Enter the main **E-mail address** associated with your agency.
3. Enter your temporary **Password**, supplied by your IPWMAN representative.

NOTE: If you have forgotten or misplaced your password, click the Request new password tab above the login form. Enter your email address and password reset instructions will be mailed to you.

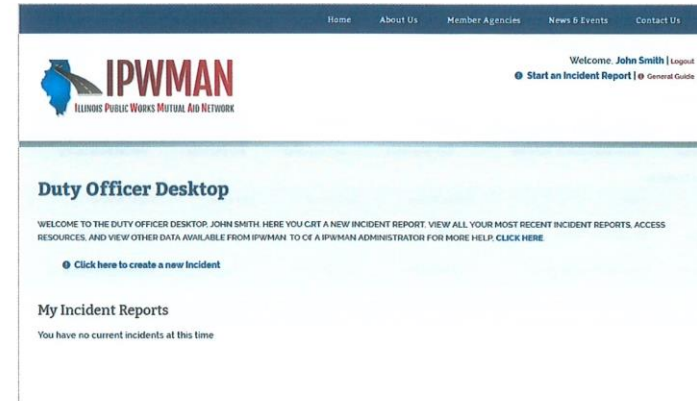

4. Click the **Login** button.

Duty Officer Training

What You Have Access To

Now that you have logged in, you are immediately taken to the Duty Officer Desktop page pictured below. Here you can click the button create a **new Incident** (See the "Starting An Incident Report" to get started) or view all of your recent incident reports in the **"My Incident Reports"** section.

In addition, the top-right corner of the site header will now feature a **user menu** with the following options:

1. Click your **Name** to view account info, then click the **Edit tab** to change your information including name, title, phone numbers, email address, and password.
2. Click **Logout** to exit the agency administration section of the site at any time.
3. Click **Start an Incident Report** to create a new Incident Report.
4. Click **General Guide** to review steps that will be followed during an assistance request, along with some comments on what the Duty Officer will do during each step.

Duty Officer Training

Now that you are logged in as a Duty Officer you have access to the contact information for other IPWMAN member agencies, for quick and easy access to important details when needed!

Starting & Updating An Incident Report

Incident reports are meant to be created with the minimal amount of information you gain the start of an incident, then updated as more information becomes available. We will start by explaining how to create a new report and how to edit an existing one. We will conclude with how to edit each and every available field.

To Create a New Incident Report

- Click "**Start an Incident Report**" in your user menu.
- "**Click here to create a new Incident**" report on your Desktop page.

To Edit an Existing Report

1. Go to your **Desktop** page by clicking **Home** in the main menu or the **IPWMAN** logo.
2. Find the report you wish to edit under "**My Incident Reports**".
3. Click the "**Update**" link in the right column.

How To Add -or- Update Incident Fields

*** Indicates a field that is required to create a new Incident Report.**

1. Enter a brief **Title*** of the Incident (*ex: Down Trees From High Winds*).
2. Under **Afflicted Member**, enter the first few letters of the Member Agency until the field shows their full name, then select it.
3. Under **Other Afflicted**, enter the name of non-member group or agency affected by this Incident.
4. Choose "Yes" or "No" for **Request for Aid Warranted***.
5. Check all **Region(s) Notification Sent To**.
6. Describe the **Nature of Incident** as well as possible.
7. Under **Agencies Already On Scene**, enter the first few letters of the Member Agency until the field shows their full name, then select it. Click **Add another item** to add more agencies on scene.
8. Describe **Other Agencies/Groups On Scene**, if they are non-members.

Updating The Call Log

Each and every time you update the call log for an Incident click the **"Update Call Log"** link at the top of the Incident Report. This ensures the Call Log is properly associated with the related incident. After clicking the link, follow these steps:

1. On the **Create Call Log** page, choose the Type of log you are entering
2. Enter the **Name of Person & Agency** you communicated with
3. Enter the detailed **Reason or Notes on Call**
4. Enter the **Date & Time** of the call.
5. Click **Save** at the bottom of the form.

After clicking Save, you will be taken back to the Incident report. To review your Call Log click the **Call Log** tab at the top of the report. To edit an existing call log, click » **edit** in the Reason or Notes on Call column.

Updating The Equipment Tracking Record

Each and every time you update the Equipment Tracking Record for an Incident click the "**Update Equipment Tracking Record**" link at the top of the Incident Report. This ensures the Equipment Tracking Record is properly associated with the related incident. After clicking the link, follow these steps:

1. On the **Create Mutual Aid Equipment Tracking Record** page, enter the agency **Member's Name** who supplied the equipment.
2. Enter the specific starting Monday and ending Sunday in the **Monday to Sunday Dates** field. Each record must have these two dates set to determine the dates the hours were tracked.
3. For each piece of equipment supplied by the Member Agency for that week, enter the following information:
 - a. Enter the **Type of Equipment**.
 - b. Choose a **Team Type** from the drop-down *(See the link located below this group of fields for reference)*.
 - c. Enter the hours for that week's **Monday through Sunday** in each field.
 - d. Enter the **Equipment Rate** as specified by FEMA *(See the link located below this group of fields for reference)*.
 - e. To add more equipment for that agency and week, click the **Add another item** button.
 - f. To remove one piece of equipment only, click the **Remove** button to the right of the equipment.
4. Click **Save** at the bottom of the form.

After clicking Save, you will be taken back to the Incident report. To review your Equipment Tracking Record click the **Equipment Tracking Record tab** at the top of the report. To edit an existing equipment record, click the **(edit)** link next to the name of the Member Agency for each record.

Updating The Labor Tracking Record

Each and every time you update the Labor Tracking Record for an Incident click the "**Update Labor Tracking Record**" link at the top of the Incident Report. This ensures the Labor Tracking Record is properly associated with the related incident. After clicking the link, follow these steps:

1. On the **Create Mutual Aid Labor Tracking Record** page, enter the Name of the person you are tracking hours for.
2. Enter the name of agency the person belongs to in the **Member Employed By** field.
3. Enter the specific starting Monday and ending Sunday in the **Monday to Sunday Dates** field. Each record must have these two dates set to determine the dates the hours were tracked.
4. For each person who labored for that week, enter the following information:
 - a. Enter the **Regular Hours** for that week's **Monday through Sunday** in each field.
 - b. Enter the **Hourly Rate** that person earns per hour.
 - c. Enter the **Benefit Rate** that person earns per hour.
 - d. Enter the **Overtime Hours** for that week's **Monday through Sunday** in each field.
 - e. Enter the **Hourly Rate** that person earns per overtime hour.
 - f. Enter the **Benefit Rate** that person earns per overtime hour.
5. Click **Save** at the bottom of the form.

After clicking Save, you will be taken back to the Incident report. To review your Labor Tracking Record click the **Labor Tracking Record tab** at the top of the report. To edit an existing labor record, click the **(edit)** link next to the date range below each person's name.
